

## SPEEDERS ARE EASILY CAUGHT

Two Officers Work On Bliss Street; Herald Carrier Boy Run Down.

In their campaign to reduce the speeding menace in El Paso, a couple of officers resorted to a method of arrest which was not very popular with the Herald carrier boy. One officer, while on duty on Bliss street, located himself on the sidewalk at the intersection of Bliss and the other located himself a couple of blocks eastward. When speeders passed, one or the other sounded his whistle and the officer towards whom they were going halted them and arrested them. The plan worked most satisfactorily and a number of speeders were caught in.

A reckless driver came near taking the life of one of the Herald carriers Friday evening on Montana street, while the lad was making his delivery of papers. The boy was Hinton McIntosh, of 1117 East Boulevard, and he was hit by an unknown Mexican driver, who kept up his speed, leaving the unconscious boy lying in the street. He received several cuts about the face and body and a severe shaking up, but was not seriously hurt.

## DEATHS AND BURIALS.

### ELISE K. WISNER.

Elise K. Wisner, aged 39 months, daughter of Mr. and Mrs. P. E. Wisner, of 1117 Dakota street, died April 11. Her funeral services will be held at the chapel of a local undertaking establishment Sunday afternoon.

### ROBERT H. BRIDGE.

Robert H. Bridge, aged 34, died here April 11. No funeral arrangements have been made.

### Industrial Slavery.

The church stands for the emancipation of men, women and children from industrial slavery and moral bondage. Do you want to be free? Go to church Sunday—Advt.

Announcement by J. E. Lane, Former El Paso Herald Traveling Representative. To My Arizona, New Mexico and West Texas Friends:

I have leased the offices formerly occupied by Bankers Lease Association at 1117 1/2 N. Oregon St., El Paso, and have opened an office for the sale of oil shares. I kept out of the oil business until the Texas oil fields were fully proven. The Saturday Evening Post is a publication that no amount of money could induce to promote a FAKE oil field and it calls these fields the rainbow's end.

With the Fowler well paying its shareholders \$15,000 for every \$100 invested and over 45 companies in Burk Burnett alone paying an average of 200 per cent in dividends, the end of the Rainbow has truly been reached. I sincerely advise my friends to do as I have done, invest all the money they can spare with reliable companies immediately. I have personally invested in nine companies, and I would not sell any of my shares for less than 100 per cent profit now. Do not let some one who was foolish enough to buy stock in some "wildcat" scheme laugh you out of a fortune.

The people who bought Fowler shares were laughed at, but today they are independent. You can select any shares that you see advertised and send me your order and it will have the best attention possible, or if you prefer you can send me the amount of money you wish to invest and I will buy for you just as I would for myself and there will be no charge to you for my service.

If you have shares already bought I advise you to hold on to them, but if you must sell, send them to me by registered mail and I will get you the best market price for them.

Trusting that I can be of some service to you and awaiting your orders. Sincerely,

J. E. LANE, Manager.

## Wire Control Board Defends Rate Increase

20 Percent Higher Rates Compared With 100 Percent Price Advances.

Washington, D. C., April 12.—In making available today figures upon which it based the recent increase in telegraph rates, the wire control board directs attention to the fact that while the increase in price of products and service of various industrial and mercantile corporations have increased 100 percent, telegraph service has been rendered at prewar prices throughout the period when industrial and business profits were unprecedented.

The increase of 20 percent in telegraph rates, "should be considered in comparison with the 100 percent increase in other prices and it is less than that found necessary to add to the railroad freight rates and is no greater than has been made generally in other public utility rates in order to obviate financial collapse."

**Postal Is Profitable Field.**—Discussing a comparison of the self-sustaining operations of the Postal company with the smaller properties of the Western Union, the statement declares that during the six months from August, 1918, to January, 1919, the Postal carried only about one-sixth of the business of the country, limited to profitable fields, while the Western Union carried five-sixths of the business, much of which extended into fields less profitable, but which gave a net income to the Postal of \$1,000,000.

During the same period the Postal carried only about one-twelfth of the government business, carried at approximately 40 percent of the commercial rate and claimed by both companies to be a loss of 50 percent of the operating costs. In this connection the board says it is informed that instructions were issued by officials of the Postal directing their subordinates to avoid government business whenever it could be done.

**Cannot Discriminate.**—After citing figures to show the enormous cost in wages and material occasioned by the increased scope of operations of the Western Union and

## DRIVER ROBBED: 1 SUSPECT HELD

Chauffeur Is Bound and Gagged For Two Hours Before Frees Himself.

Francisco Losana, a chauffeur, was held up by two cowboys Friday night at 9 o'clock at the foot of Tiplar street and robbed of \$450 and his machine. He was bound and gagged. After struggling for two hours he managed to free himself and notified the sheriff's office of the robbery.

Deputy sheriffs Lou Garner and Joe Wootley two hours later arrested J. A. Tracy at Venice, as a suspect. A comparison of Tracy fled.

Tracy when taken to the county jail was charged with theft of over \$200 and searched and the records state some of Losana's effects were found on his person. A thorough search for the other man is being made by the sheriff's office.

Declaring that the purpose of the wire board is to make the lowest rate that will maintain the service required by the country, the statement continues: "In making a rate sufficient to maintain the telegraph service of the country, discrimination could not be made between two companies performing the same service. The fact that the Postal company could continue to carry business at the old rates and still earn its compensation is of practically no significance in constructing a fair schedule of rates for the country as a whole."

## Palms And Flags To Be Auto Show Decoration Plot

6000 Feet Dancing Space Will Be Provided In Liberty Hall.

El Paso motor enthusiasts will be greeted by the most elaborate decoration scheme ever witnessed in this city when the curtain rises on the opening scene of the automobile show given in Liberty hall May 3, 5 and 10, under the auspices of the El Paso Automotive Trade association. Details for the decorations were completed Saturday by C. M. Barber, manager of the show. No expense will be spared to make the setting for the exhibits the most attractive and beautiful possible.

**Sutural Palms.**—Prominent among the features of decoration will be a group of large, natural palms, shipped here from their native home in southern California. These huge-leaved trees will be placed at regular intervals between the various exhibits, and will afford an excuse for the employment of Japanese and natural flowers of all kinds, together with flags of all nations.

**Dancing Space.**—The plan arranged for the display of the cars and accessories permits of eight spaces in the center of the hall, the remainder of the exhibits being arranged around the four sides. Space for dancing between the central spaces and the side booths will measure approximately 15 to 400 feet.

## U.S. COURT GIVES OUT SENTENCES

Pleas of Guilty Followed by Terms In Federal Penitentiary Or Fines.

Pleas of guilty were entered in the United States district court Saturday morning in a number of pending criminal cases. The following is a list of the defendants, the offenses charged, and the sentences entered by the court.

### Sentences Of Court.

Luis Manchola, bringing an alien into the United States, fine of \$50 and four months in county jail, and ordered delivered to the immigration authorities on the completion of his term; Jose Vasquez, importing liquor into the United States, a year and a day in the Leavenworth penitentiary; Lucia Caldana, attempting to return after deportation as an undesirable alien, 6 months in the county jail and delivery to the immigration authorities; Hiladito Miranda, importing liquor, a year and a day in the Leavenworth penitentiary; Manuel Valle, entering without a passport, six months in the county jail, beginning December 31, 1918, and delivery to immigration authorities; Lazario Sarva, importing alien women for immoral purposes, \$50 fine and four months from January 3, 1919; Tarashima Tokito, entering without a permit, three months from February 1, 1919, and delivery to immigration authorities; Louis Rementeria, entering without a

## One Kidney Remedy Distributed Throughout Civilized World

In North and South America, in Great Britain, Europe, Africa, Asia, Japan and Australia—wherever civilization has established the necessity of health—you will find one remedy widely sold for the relief of kidney troubles and its kindred ailments. Such is the remarkable record of Warner's Safe Kidney and Liver Remedy, so well and favorably known here for more than 40 years.

To enjoy this world wide distribution and a history of 40 successful years at home one fact must be admitted: namely, that Warner's Safe Kidney and Liver Remedy is a reliable preparation. It must assist the kidneys in their important duties in removing from the system the poisonous matter that they have failed to carry off, and strengthen and help repair the wasted and dis-

eased tissues, caused by these bodily poisons, or it would not be sold throughout the civilized world. Remember Warner's Safe Kidney and Liver Remedy is made of herbs and other harmless herbs without dangerous drugs or narcotics. That's why it was named "Safe." It is used in thousands of homes as a reliable family medicine, because these people realize that their general health depends upon their kidneys. If you have any trouble with your kidneys, liver or bladder, get some Warner's Safe Kidney and Liver Remedy today. Try it as directed and note the excellent results. All drug stores have it. A sample will be sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 345 Rochester, N. Y.

# Abner Davis Trustee Plan and REFINERY NOW FINANCED

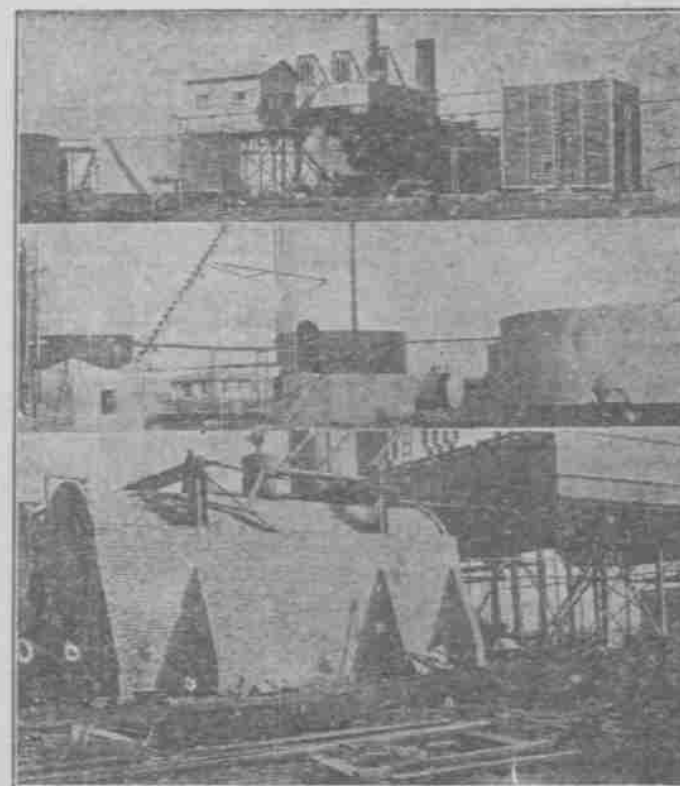

## Half Million Dollars In Real Money is the Amount

### I Have Asked For

Over \$400,000 of this already subscribed, the balance will come in from the advertising now placed.

Every dollar of this money used for building the Abner Davis Trustee Plan and is being legitimately used in drilling wells, acquiring property, leases, land, machinery and equipment and in building a splendid, modern Refinery all for the profit of the Abner Davis Trustee Plan.

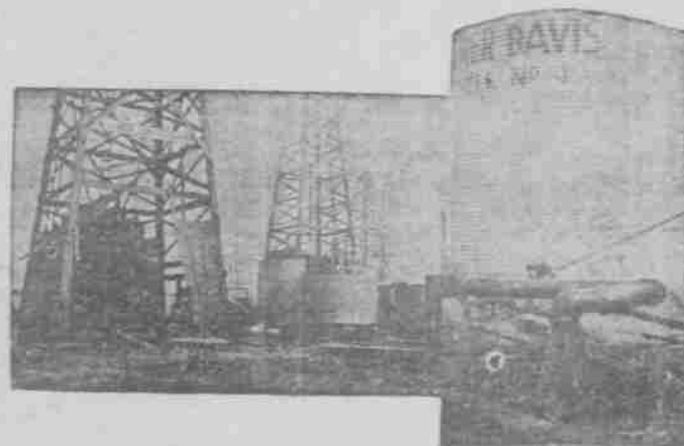

The advertising now placed will probably be the last we will have occasion to run as our entire offering should be taken within a few days.

These refinery views show sections identical with the Abner Davis Refinery now under construction at North Wichita Falls, Texas.

# The Final \$75,000 Asked For Has Been MORE THAN SUBSCRIBED

One of the Several Wells Belonging to the Abner Davis Trustee Plan  
ACTUAL PHOTOGRAPH

Abner Davis well No. 4, one of the three wells already drilled and making oil for our refinery and dividends for our Trustee Plan members. We expect to have many more like No. 4.

The steel construction is being rapidly completed—Pumps, engines and refinery equipment is being assembled and I really believe we will be in operation much before July 4th, the oath of the contract calls for. This will mean quick profits and quicker dividends to all.

**ABNER DAVIS**  
Trustee  
Oil Production, Pipe Line and Refining  
American National Bank  
Wichita Falls, ..... Texas

### REFINERY, PIPE LINE AND PRODUCTION RESERVATION.

Abner Davis, Trustee, Wichita Falls, Texas. E.P.H.

I will furnish you \$..... and enclose \$..... herewith. I will pay the balance in 20, 60 and 80 days on the ground floor of your Trustee Plan to share in your Wells No. 4, No. 5 and No. 6 already drilled, and all others to be drilled in the future, also a full pro rata share in your modern refinery now being built.

Yours truly,

Name.....  
Address.....

Amounts of \$100 to \$1,000 solicited.

### REFINING.

The Abner Davis Refinery is now under construction, the buildings are being pushed as fast as concrete and brick can be laid. All boilers, stills and tanks have been ordered.
